# The Sunroom Reinvented

LIVINGS  
SUNROOMS

At LivingSpace, we've completely re-engineered the sunroom. Energy efficient. Completely customizable. Built to last. Say hello to your new favorite room.

# You Deserve More

A sunroom designed for you. Built to last.

## Unique Patented Design

Our patented key connector system with internal fasteners keeps screws hidden from sight for a clean and beautiful finish. Our unique enclosed electrical raceway comes standard in every room and provides an internal path for running power wherever you may need it.

## A Better Material

Our sunrooms are made with fiberglass and vinyl. Which means they are completely energy efficient. Your room will stay cool in the summer and warm in the winter. You can even remove the wall between your home and the sunroom because our rooms meet all energy code requirements.

\*Comparison between LivingSpace sunroom components and standard aluminum sunroom components.

There really is no comparison

	LivingSpace Sunroom®	Aluminum or Vinyl Aluminum Hybrid
Design Process	CAD designed, precision cut	Cut on jobsite
Made from Composite Materials	✓	Aluminum
No Visible Screws	✓	✗
Two-Tone Colors Available	✓	✗
Warranty		✓
Durability	★★★★★	★☆☆☆☆
Energy Efficiency	★★★★★	★☆☆☆☆
Customization	Fully customizable	Limited options
Adds Square Footage*	✓	?
Open Flow	Can remove wall between sunroom and house*	✗
Recessed LED Lights Available	✓	✗
Enclosed Electrical Raceway	✓	✗
Shingle Ready Roof	✓	✗

\*The energy efficiency of the LivingSpace sunroom® system allows you to permit our sunrooms as added square footage to your house in any energy zone, and allows you to remove the wall between the sunroom and the house.

# Endless Possibilities

Let your imagination run wild.

LivingSpace Sunrooms® designs and manufactures the only sunroom system that is completely customizable. Our design consultants will help you build a room that fits perfectly with your home's existing architecture. Rooms can be made into any size or shape—Cathedral, Studio, or an Integrated addition. We fabricate custom windows that are spec'd for every job. Your imagination is truly the only limit to what we can build.

## LivingSpace Premier Partner®

We partner with only the best home remodeling businesses around the country\*. All LivingSpace Premier Partners® go through a rigorous certification training course for both design and installation, ensuring that each and every LivingSpace sunroom project is handled with the same care and expert craftsmanship.
